Make a tax-deductible contribution

Climate Feedback brings the expertise of the scientific community into the world of climate change media coverage. We are working hard to provide our fellow citizens with access to accurate and credible information in order to build stronger foundations for our democracy.

We need your help to make our voice stronger.

[Donate today](#)

Your donation -through our host, The University of California, Merced - is 100% tax-deductible and may also qualify for matching funds from your employer.

Donators

Climate Feedback thanks the individuals and organizations who contribute to support our work.

If you are considering making a donation and have questions, do not hesitate to [contact us](#).

SCIENTISTS!
