3. Total grant expenditures on sections 2a-2k: 9372.

4. If your answers to question 1 and question 3 do not match, for what additional purposes were grant funds expended?

We did go way over budget because we had never done this before and we do appreciate the grant money but could have planned better with the County helping us spend our State Money that was provided to them the County and to us.

5. I certify that grant funds have only been expended for the public purpose of improving, administering and

Yes

ensuring the safety of elections.

Your initials: KB

6. Are you interested in requesting a 6-month extension to your grant agreement in order to spend down your grant funds?

No, I do not need an extension.

Here's an opportunity to celebrate your accomplishments! What did you do with the CTCL COVID-19 Response grant funds that you're most proud of?

We were told what we could do with our money through our County so we were able to pay Hazzard pay to the election Officers and that amount was still not enough

If your annual budget for elections permanently doubled, what would you be able to accomplish that you can't accomplish now?

in-person voting. We did well over 4480 in-person voting alone. Then COVID hit our workers and we had to cut back and be safe. Had we had enough workers and rainy day equipment we could have planned the entire process out side.

Here at CTCL, we offer trainings for election officials on topics ranging from poll worker management to election cybersecurity. Help us choose useful topics! What do you wish

How to submit and a previous list of things that could be submitted under this grant. If we had the a - k list prior to receiving the grant money we could have planned better with our budget and money given from the State to our Dept.

you had more training on?

Any other thoughts you'd like to share?

This money was a great help but had we had better understanding in what we could use for which was basically the same as the State gave us money for it would have been more carefully disbursed for other needs as well as hazard pay.

Once a month, we send out a newsletter called ELECTricity, which helps election officials stay current with election administration stories, technology, and best practices. We also send periodic updates about CTCL's trainings, resources, and tools. Would you like to receive this newsletter?

Yes, I'd like to receive CTCL's newsletter.
