Let's transform our immigration system and put 11 million people on a path to citizenship.

The We Are Home campaign is a multi-racial, multi-ethnic, multi-generational coalition calling on the Biden administration and Congress to take immediate action to protect millions of immigrants who call this country home and end the cruelty of our interior detention and deportation system.

Our vision for America rejects xenophobia, anti-Blackness, and Islamophobia. We demand a path to citizenship for 11 million undocumented immigrants and a swift undoing of all of the damage of the last four years. We are committed to building a modern and functional immigration system that recognizes immigrants' humanity and rights, unifies families and ensures that home is truly here for all of us.

We believe that together we can help build a country where everyone can thrive and reach their full potential, no matter their race, birthplace, age, religion, sexual orientation, or gender identity — while reversing the damaging and dangerous immigration policies implemented by previous administrations.

It's time to end Trump Era policies and proclaim #WeAreHome

This our moment. Join our coalition to help us fight for a roadmap to citizenship for immigrants across the country and a moratorium on deportations.
